

# Response to Conflict Minerals

## Freakshow HD's Policy on Responsible Sourcing Minerals

This policy shall apply to Freakshow HD and implements Freakshow HD's goal of establishing responsible supply chains for sourcing minerals.

Freakshow HD affirms the purpose of sustainable and responsible sourcing minerals that originate in conflict-affected and high-risk areas, which is to mitigate the contribution of conflict, serious human rights abuses or environmental threats.

Freakshow HD hereby adopts this policy for responsible supply chain operation.

Freakshow HD recognizes that due diligence for responsible supply chains of minerals from conflict-affected and high risk areas is an ongoing process.

Freakshow HD engages with tier-one, industry leading suppliers and expects all our suppliers to fully support and cooperate with our efforts in this regard.

- Freakshow HD expects that its suppliers source all inputs, including minerals, responsibly.
- Freakshow HD will communicate to its suppliers Freakshow HD's requirements to conduct reasonable due diligence of their own supply chains of minerals from conflict-affected and high-risk areas. Freakshow HD will incorporate its supply chain policy and due diligence processes into commercial contracts, written agreements and supplier evaluations.
- In the event that Freakshow HD discovers suppliers are not in compliance with its supply chain policy and due diligence processes, its first step is to work with them to bring them into compliance through corrective action plans. Freakshow HD will not work with those who do not work to meet its standards.
- Freakshow HD strongly encourages its suppliers to comply with available international frameworks governing responsible sourcing minerals matters.
- Freakshow HD is working diligently to put the systems and processes into place that will enable us to ensure that Freakshow HD is supporting responsible suppliers.
